Dear Friend, Have you ever wondered why certain Niche Site Marketers make Big Money with their Niche Sites and others are lucky to hit the \$100 payout? This is the most common question we are asked each and every day, when we talk about Adsense and Affiliate Marketing. Usually, before we get a chance to answer the question, the person goes on to tell us their theory and more often than not, the theory is way off base. You see, if Google or Affiliate Programs decided to cancel your account or delete you right before you reached the payout number, they wouldnt have a very good business model. In fact, Ive met hundreds of people that make 5 figures every month from Adsense and Affiliate Marketing and they all have one thing in common... but more on that later... Remember that all your content is unique and fresh, created just for your site... then watch what happens each time a visitor (or search engine) comes to your site! The software allows you to specify what article you want shown for a specific keyword phrase. This is a whole new channel for your information, and the custom RSS script weve created (you cant get this anywhere else) creates RSS news feeds that the search engines will love. All you do is choose the keywords and the source of the feed, and the script does the rest.
