SEO Traffic Thief The Magical Software That Practically Steals Traffic From Your Competitors! Are you having trouble Creating Content That Ranks Well in Search Engines? This Powerful New Software Allows You To Practically Steal Traffic & Search Rankings From Your Competitors! How much more cash could you be making if you knew all of your competitions' SEO Secrets? SEO Traffic Thief allows you to carefully analyze SEO data and find out what makes other marketers' content rank so darn high. You'll be able to delve into their SEO tactics and copy their secrets for your own use! No website is safe from this powerful and extremely easy to use software! You can go above and beyond by breaking down their tactics and then improving upon them so you're not only stealing their traffic, you're getting more than they ever could! What makes this tool so effective is that is extremely fast and extremely easy to learn. You don't have to have to be a computer hacker or even be extremely good with computers to be able to use this software. You'll be cracking your competitors in no time! A Full 20 Training Manual Is Included. Analyze and Conquer with this software! SEO Traffic Thief also has a complete set of tools for creating your own SEO campaigns including an article spinner that blows most other article spinners out of the water! Once you start using SEO Traffic Thief and the powerful tools it comes with, you'll be rising to the top and leaving your competitors in the dust in no time! SEO Traffic Thief uses Research and Refinement instead of Chance and Luck! The reason that your competitors, or anyone is a successful Internet marketer is because they used research instead of just guessing or relying on free automated systems for traffic. SEO Traffic Thief allows you to do research on an extremely advanced level that will put you light years ahead of the rest! With a click of the mouse you'll be able to analyze articles and documents in a way that no free tool has done or ever will do. You'll receive in-depth information on what makes the content tick. What pulls the traffic to it and what the search engines are looking for. After you've analyzed the data you have a number of options. For one you can simply keep the information in mind when you're designing your next site within the same niche. You can also use SEO Traffic Thief's built-in article spinner to spin articles using keyword ratios that match the article or content that you first analyzed. You

can further refine this by selecting only the best keywords and determining the exact ratios you want before spinning up as many articles as you want as well! Stop Wasting Time On SEO Tactics That Don't Work! Start Stealing Traffic and Rise to the top! The Power to Gain Mountains of Traffic is Finally Yours! SEO Traffic Thief Contains All The Features You Need To Succeed! Discovers The Best Content - To write articles that get thousands of hits a month, you need to find the top viewed articles. SEO Traffic Thief makes it easy, enter a seed keyword, and click search! Carefully Analyses Keywords - SEO Traffic Thief checks keyword combinations and shows how many times they feature in the article and title. Ranks Keywords - This is where SEO Traffic Thief is invaluable. After I checking on the keywords with one click you can check the keyword ranking for Google, Yahoo and Bing. You will quickly see just how the article is getting the traffic. Estimates Traffic and Search Density - SEO Traffic Thief returns the monthly Google searches for keywords together with a traffic estimate for being in the top 4 spots in Google results. Create a Word Filter List - You can add/remove words that you don't want to check for. This is easy to add to (simply right click on any keyword to add it to the filter list). Article Content Extraction - Essential for your research, and rewriting is to have a copy of the high ranking article text. SEO Traffic Thief automatically parses the article for you. You can save and reopen any article. Exports Data - Save the keyword data to open later in MS Office, MS Works or Open Office. Complete Multitasking - Select the articles to analyze, and let the software do the rest Powerful Spinner Included - powerful spinner includes user built (and ever expanding synonym database). Make automatic or manual changes. Make changes based on your commonly used replacements, or on the whole user synonym database. This is truly one of the most effective Search marketing softwares available today! It Has The Tools That You Need For Effective marketing! The power of these tools is unsurpassed. You'll be analyzing documents and extracting vital keyword information all the time! The built-in article spinner is one of the top article spinners on the web! It's Fast, Efficient and, most importantly, Affordable! The analysis is extremely fast, even on an older computer. You can analyze quite a few documents within a small amount of time. The sorting features allow you to throw out unnecessary results that won't help you optimize you website! ALL THIS AND MUCH MORE IS NEATLY WRAPPED UP IN THIS POWERFUL PACKAGE! This is one opportunity that no good Internet marketer can afford to pass!flat Once you start using proven techniques and keywords you'll finally be able to climb through the ranks to first page results!! Maintain Your Results With Easy Updates! Since using the software is so simple and fast you can periodically keep your

websites, articles and other content up to date!! Spin Tons of Articles that Draw Traffic Like a Magnet!

After you've discovered the top articles that have the most traffic potential you can create related articles that will have similar keyword ratios for good traffic results. You can then spin these into 10, 20, even 100 new articles with the same keyword ratios at random or with specific ratios of particular words that you decide on! All that's left is to use these articles to completely take over the related search results and literally steal the traffic right away from your competition! Here is a brief overview of the key benefits you'll experience when using this software: * Get in-depth analysis of website content, articles and blog posts! * Discover the keyword secrets other marketers use to get loads of traffic! * Use your newly acquired information to create tons of optimized content! * The article spinner's synonym database learns and grows as you use it! * The software has a clean, modern interface and is not confusing to use! Those are just a few of the key benefits of using SEO Traffic Thief. Are You Ready To Start Ranking High and Get Tons of Web Traffic? This Powerful and Flexible Software Will Allow You To Finally Get The Traffic You Need to Succeed! Grab Your Copy Of SEO Traffic Thief Now And start Getting More Traffic Fast! P. S. Ordering this powerful and proven software is the smartest decision that you could ever make! Tags: seo
