10 euphoric, pumping and spine-tinglingly melodic progressive house construction kits stacked with rich basslines, anthemic arps, rolling tech drums, lush pads, hair-raising sweeps and more. Each kit features a powerful selection of sonic weaponry: kick, snare, hat and percussion loops, pumping basslines, slamming synth progressions, soaring strings, super-wise atmospheric pads and rush-inducing noise sweeps. Loaded with a full mix, plus all component elements broken out (including drums) the collection contains all the essential song-starting ingredients you need for your next prog-infused monster. There are also bonus Midi loops for use with basslines, synths or chords giving you full arrangement control to take your creativity to the next level. All kits are key- and tempo-labeled (126-130bpm). Download contains: 152 x 24-bit Wav files and 10 x Midi files across 10 construction kits.
