"Here's An Incredible Opportunity For YOU To Build Your Wealth The Fun & Easy Way Through Creative And Expert Use Of Membership Sites - One Of The Internet's TOP Cash-Raking Business Models! " If You're Seriously Interested In Making Serious Money Online Through Information Marketing, This Is Going To Be The MOST IMPORTANT Letter YOU Will Ever Read. Dear Infopreneur, Starting an online membership site of your own can be one of the greatest and wisest decisions you'll ever make in your Internet Marketing career. It's a given, after all, that membership sites can present countless lucrative opportunities in store for you - or anyone for that matter. Among all the existing Internet Business Models online, membership sites are often perceived to be of higher value as compared to other kinds of even viable business models. Less than 9 of online users currently pay for online content. This means the market is wide open for the savvy entrepreneur. Paying for content in year 2004 was more than 5 times what it was in 2005. That's a whopping 500 growth! Those who capture the market first in their niche will have the obvious advantage and it's an international market, so anyone can play! One of the great things about starting a membership site is you can take your hobby, specialized knowledge or profession and turn it into a profitable business. 4 Awesome Reasons To Start Your Very Own Membership Site! You can easily prove your credibility and expertise to your members through creative use of membership sites. You can make residual income from your membership site by charging a periodical fee (i.e. monthly, annually) for your members to subscribe to your membership service. With your reputation built among your members, you can instill a positive influence over your members when it comes to sharing an expert opinion... or even buying more from you! Find your Inbox flooded with Joint Venture proposals and exclusive business opportunities - you can now have the luxury of picking and choosing who to work with because other marketers now value your influence and marketing power! Given some positive advantages and benefits, starting your own membership site can prove to be the best decision you - or any Infopreneur - can ever make. But If Membership Sites Are Really That Great, Why Isn't Everyone Starting One? Unfortunately, starting your own membership site doesn't necessarily come just as easy let

alone run it. For starters, you have to be programming savvy. You need to know what choices you have and how to choose the best model for your membership site. Obviously, there are many kinds of membership sites you can choose from to start - and the key to starting a successful membership site is choosing the right model (and script, too!). Secondly, you need to know how to source for online content to be placed into your member's area. Remember that you're NOT running some kind of freebie site or even an article directory so when your prospect hears of "membership site", he or she is ready to expect quality content one page away. And you have to worry about dealing with member support issues, how to make money off your site at its maximum potential, how to start, run and organize your membership management, just to name some. Now these barriers can be very much discouraging to many Infopreneurs, forcing even several others to leave piles of HUGE money on the table for the minority of the hard-hitting marketers to harvest. So far, there hasn't been a manual powerful enough to show how you - or anybody - to overcome these barriers and make an explosive jump start on your profitable membership site in a fun and easy manner.
