Secure your own beat battalion and reign in the Dubstep domain with "Official Dubstep Drum Loops", the brand new sample pack fresh from Prime Loops! Capture a whole host of snapping snares and pumping kicks to defeat the competition with this extensive sample library, armed to the teeth with all the heft and bite of Dubstep and modern Bass Music! Harness the grinding pulse and body-rocking thump of Nero, Skream, Magnetic Man and the mighty Skrillex, charging your tunes with a seismic ton of kick, snare and cymbal power! The 90+ diverse loops featured in this pack come professionally prepared for you as both full kits with crashing kicks as well as top loops without the bass drum, so you can slot your favourite sounds into the Dubstep flow. Ranging from 140-145BPM, these drum loops have you covered across Dubstep's main tempo terrain. Designed to work as an allied force with Prime Loops' latest bestseller "Official Dubstep Basslines", the sheer force of this sound suite is the perfect compliment to the snaking wobble and head-smashing sub of any worthy Dubstep bassline. An additional 70+ drum one-shots allow you to construct your own drum patterns with a wild choice of deep snares, cutting hi-hats and epic kicks - simply drag and drop your favourite samples into your preferred sequencer to get beat-making! As expected with every renowned Prime Loops sound library, "Official Dubstep Drum Loops" comes to you pre-formatted for all major music hardware and software in 24-bit quality, and is totally free from any royalty or sample clearance hassle. So whether youre a student of the snare or a king of the kicks, this authoritative collection holds all the percussive prestige you'll need to get fighting your way to Dubstep glory! This is the .WAV format. You can find many other specialistic formats over at primeloops.com
