

# Bux Alertpay V3.0

[DOWNLOAD HERE](#)

Changes: Removed all backdoors from the script. Removed all "YourOwnBux" branding. Removed all illegal database entries. Fixed Advertise page to display correct URL Fixed contact page where users could gain Admin status

=====  
=====  
=====

=====  
=====  
===== Installation: 1. Open up PHPMYAdmin or your favourite Database editing software. 2. Create an empty table and call it anything you like, we'll call ours "buxscript". 3. Open up the empty table and Import the database.txt file. 4. Locate and edit the config.php and /admin/config.php files. 5. Upload all the files to your server. 6. Load your index page and login with the default admin details (do not go to the admin section). Default admin account information: - Username: admin - Password: 123456 7. When logged in click the Admin link displayed on the main page this will open a new window. 8. Edit all your preferences for your new website; dont forget to change it to your email. Tags: bux, ptc, pts
