'Electro Dance Club' from Nano Musik Loops features 20 of the most current sounding Electro Dance Construction Kits, including MIDI files. Taking inspiration from the German Electro Dance scene with these 94 WAV and 51 MIDI loops are ready to mix and match for endless possibilities. All tempos are included in the file names, and this pack is 100 Royalty-Free meaning you can use it in your personal or commercial productions without incurring any further costs. Using the supplied MIDI files you can assign any of the musical phrases found in this pack to your favourite synth or sampler, and integrate them seamlessly with the pre-rendered loops. Seeing how MIDI is effectively only instructional data, you can change the pitch and tempo to any extent you like with no artefacts. About NanoMusik: NanoMusik is a producer from Germany with much working experience in composing for advertising campaigns and other commercial projects. With the Nanomusik series, you can get the same level of composition in your projects.
