Finally, someone reveals how to guarantee your success as a Clickbank product vendor... How A Simple 3 Step Process Boosted My Clickbank Gravity Overnight And Brought The Super Affiliates Running To Promote My Product If Your Clickbank Products Dont Have Thousands Of High Powered Professional Affiliates Promoting Them, Youre About To Find Out How To Make That Happen From The Desk Of: YOUR NAME

Date: Dear online business owner, Can you imagine what skyrocketing Clickbank gravity would do for your business? Imagine the impact that hundreds and thousands of super effective affiliates would have on your business? Think of the traffic thousands of super focused targeted visitors every single day who doesnt want that? Not to mention the sales 10, 20, 40, even 50 sales a day is totally possible when you have floods of affiliates promoting your sites. To put it bluntly, with affiliates like this in your business, you can basically forget it. No marketing, no traffic creation. Nothing. The affiliates will generate all the traffic you want, leaving you to do the important stuff live your life and spend those fat green wads of cash. Yes, life can be that easy. Just check out the Clickbank Marketplace those vendors right at the top for each category are living a life like that every single day But, those guys are just the top 0.1...for the rest of us, the fact is: Without A Proven Method Of Attracting Affiliates, Barring Some Kind Of Crazy Fluke, Your Site & Product Are Just Going To Die A Slow Painful Death Yes, I know it seems harsh, and to be honest some people will say its a downright bleak outlook to have but bleak or not, its true. All the gurus and the guys that are already successful online will have you believe that Clickbank success is just a matter of getting a product approved, and then sitting back and waiting for the fat checks to arrive. Yeah, right Let me tell you, the truth is a little more real world. Yes, youll get a little rush of traffic from curious affiliates when your product goes live, but unless it sells like ice cream on a hot day, that little rush will dry up within a couple of days, as all the hotshot affiliates go off in search of something that does sell that well And guess what happens then? Your Baby, The Product You Sweated Out With Months & Months Of Hard Work Has Just 30 Days To Start Making Consistent Sales Or Clickbank Will Remove It From The Marketplace! How exactly do you expect to get affiliates when none of them even know your product exists, and the ones that do cant generate hoplinks through Clickbank because your

product no longer shows up there? The short, brutal truth is that you can't and so at that point you can kiss goodbye to the successful dreams you had about that product, and move onto something else. And that's where I come in. Imagine how much easier things would be if you had a simple step by step process to getting your product listed at the top of the Clickbank Marketplace, and attracting hundreds of professional affiliates. If you could do that, you could guarantee the success of every product you create, right? Now you can. Introducing Clickbank Results: Your Step by step process to getting your product listed at the top of the Clickbank Marketplace in record time. But there's more to Clickbank Results than simply getting to the top of the Marketplace. You're also going to learn: Exactly how to leverage the awesome power of over 100,000 affiliates, and convert that power into cold hard cash in your bank account. The absolute top secret, no holds barred trick to driving your gravity through the roof and bringing affiliates running from miles around. A simple method to make sure affiliates always choose your product over your rivals and it's so darned simple that 99 of vendors overlook it completely. How to charge higher prices that your customers love to pay by shooting your products perceived value through the roof and it won't cost you a penny! How to make more money from less customers every smart marketer in the world knows that backend sales are where the money is these days. Why the hardest, most time consuming part of product creation is the marketing once you understand this you can turn the whole thing into an automated process. How to use your Clickbank username to start a brand and help you make more money by converting more browsers into buyers. How _____ and _____ will get your Clickbank products approved over and above the \$200 regular limit almost every time. Use pay by installment options to turn your page into a high converting, cash spitting monster. The devastatingly simple method to reduce refunds to almost zero and send your backend sales soaring. Secret tactics you can use to drag hundreds of affiliates from Clickbank and have them start generating traffic and sales just for you. Ingenious ways to turn a loss leader product into something that generates back end dollars like you won't believe. And all that's just scratching the surface. But before I say anything else, I know exactly what you're thinking: You've read a ton of these guides before, and they all turn out to be some kind of hyped up junk just telling you the same old rehashed garbage, right? Well, I hear you. Truth is, I've read more than a few of those rehashed BS ridden ebooks myself. Before my online business took off, I was just as desperate as you to quit my day job. I read just about everything I could get my hands on. MY Every single credit card bill I got showed masses of payments to all different online sites, buying ebooks, tuition courses,

memberships to exclusive sites, all kinds of junk. Yes, I was THAT desperate to get some kind of financial freedom and never have to sit in that rush hour traffic ever again. And that's what prompted me to create Clickbank Results. Once I started to see some success myself, I got real tired of hearing the gurus telling everyone how easy it is to become a Clickbank success. In all honesty, unless you know the secrets and shortcuts I'm going to teach you, it's very tough to become successful with your own products. Answer me this: Do You Honestly Think That An Average Joe Can Compete With A Bunch Of Millionaires Throwing Money At A Niche? Some of the successful vendors are already millionaires, they have huge departments of marketers and programmers at their disposal. How can you compete with that? You can't. It's as simple as that. But you would be able to if you knew the stuff inside Clickbank Results. It's that powerful. Think about this for a second: how much would you pay someone to put your product at the top of the marketplace in Clickbank? \$500? \$1500? \$5000? Even that would be peanuts compared to what you'd be making. Let's say you're selling a \$47 ebook that converts at just one single tiny percent. And being at the top of the Marketplace is giving you about 1500 unique, targeted visitors alone, from your legions of affiliates. That's 1500 every day, 24/7 365 days a year. That's 15 sales @ \$47, per day. 15 sales each and every day would be making you over 700 bucks each and every day. That's over \$250,000 a year. Hardly chump change is it? True, you'd have to take your affiliates' commissions out of that, but say you're paying them 50...that still leaves you with \$128,662 to play with, each and every year for doing nothing. Because the affiliates are going to take care of it all. But that's not even the best part. Smart Affiliates Know Exactly What It Takes To Direct Traffic That Converts, So Your One Or Two Percent Page Could Suddenly Be Converting Visitors At 7 or 8. Imagine what that would do for your bottom line: you're suddenly making thousands of dollars every single day, hundreds and hundreds of thousands of dollars per year. And it all started from getting your little product listed at the top of the Clickbank Marketplace. So right about now, even paying someone \$5000 to put your site up there would be a no-brainer, right? Well, sorry, I can't offer to put your site up there for you, I'm too busy for that, but I can let you learn how to do just that from my book, Clickbank Results. And I'm not going to charge you anything like \$5000 or even \$1000. In fact, I'm not even going to ask you to pay \$100 for it. It's worth much, much, more, but I'm actually going to give it to the next 17 buyers for \$27! Yes, you read that right, \$27 for the whole deal. If you already own a product that's on Clickbank, you could have it listed at the top of the marketplace by tomorrow, for less than the price of a pizza and a couple of beers. Didn't I tell you it was a no-brainer? But if you're still sitting on the fence, check

out this guarantee: PS - Clickbank Results really does have the power to boost your products gravity and send them straight to the top of the Clickbank marketplace can you imagine how many affiliates and how much traffic your sales page could get? Not only that, but you'll probably find yourself suddenly swamped with tons of monster JV requests and many more profitable partnership deals and it all starts right here, but only if you go ahead and hit that order button PPS - Think about this if you don't buy Clickbank Results, your life is going to continue exactly the same way your products will struggle, and your livelihood will depend on how good you personally are at recruiting affiliates imagine what happens when a product comes along that's bigger and better than yours? Zero affiliates, and zero income for you, that's what happens. But if you go ahead and hit that button and order it now, you could have your own product sitting pretty at the top of the Clickbank marketplace by tomorrow PPPS - Don't forget, this whole thing is covered by my cast iron 100% of your money back 56 day refund guarantee. You have literally nothing to lose by going ahead with this but you have everything to gain by taking the first steps toward becoming a hyper successful product seller. Tags: cb
