Unlike other books that prescribe generic leadership traits, this book offers a radically different solution: a practical roadmap of eight behavioral rules you can use regardless of your personality, experience level, organizational culture, gender, or age. Adopt all eight rules and something amazing happens - all those outside forces beyond your control will no longer control you. Whether you lead a three-person team or a multinational conglomerate, this clear and concise book will show you how to: Activate and express ""Intentions"" to create extraordinary relationships and get the outcomes you really want. Use ""Recasting"" - A surprising and acutely analytical new way to convert stress into strength. Create a uniquely accountable and truth-driven culture that excites and motivates your people. Become proactive and forceful without overpowering others. As practical as it is liberating, LeaderShock ...And How to Triumph over It will systematically guide you to find what every leader wants - powerful effectiveness and personal exhilaration. The timing has never been so right.
