Everyone Knows the Money Is In the List... So - Give Them the Information They Need And Make a Pile of Cash Doing Just That! How would you like to have the opportunity to make a ton of cash by selling something for a few bucks that everyone else needs? Here's the deal... I am going to sell you this guide on one of the Hottest Topics in Internet Marketing and I am only going to charge you a fraction of what it is worth - and here's why.... Because I have made the book rebrandable, so you have the opportunity to make a whole lot more by selling it to other people for peanuts. It doesn't really matter what you get from the initial sale because you should make a lot more money from the commissions you can earn! And here's another reason why you can sell it for next to nothing... You will build a bigger list faster by selling it for pennies, and all the people on the list you will create, will be 'buyers' and that is VERY important because all freebie seekers do is waste space on your autoresponder account - It's TRUE... You are better concentrating on people who actually have a credit card where they can buy something off you. When it comes to lists - Size doesn't often matter! Buyers Matter - and they are the people you should look for - and look after! This guide will give them Quality Information and they will be happy with their purchase (even if they were to pay considerably more) When you sell it to them, they will also be getting the resale rights so they can sell it to other people too - AND that means More Money for You Because YOUR AFFILIATE LINKS WILL BE IN THE BOOK Affiliate Links in Low or No-Cost Books Are a Fast and Easy Cash Generator To this day I am still making money from books I gave away years ago and I have done no promotion whatsoever since I first released them. Once the viral affect comes into play there is no stopping the traffic and as it builds your income will do the same. You're Working Too Hard So Why Not Turn the Corner? You might like to work, but I am sure you would prefer to have the choice to do other things if you were able to make money more easily and in less time - True? The Internet has one of the most powerful business building triggers in the history of the world and that is the chance to create MASSIVE INCOME from viral marketing. Once viral marketing starts, the reach that products with your affiliate links can gain can be phenomenal. People you would never have had the opportunity of contacting can earn you commissions and the best part of this type of marketing is the fact that an ever

increasing workforce is building your business and income.
