\$119,427.95 in just 2 weeks in affiliate commissions. And this is just one of several of my clickbank accounts! Find out how I did it here so that you can earn EXTREME affiliate commissions for yourself! If youve ever wondered why some affiliates struggle to even get by, and yet others rake in millions of dollars per year, then you better read on. Before sharing my background story with you, I want to give you something that you can go and do right now to earn extra commissions online Heres a tip for affiliates who want to dominate Pay Per Click affiliate marketing: Make sure that in the campaign settings in Google Adwords (or Yahoo or MSN or whatever PPC advertising network you are with) that you only target countries that are likely to be profitable for you. Ive seen numerous affiliates come to me and tell me that they are only breaking even from their Pay Per Click affiliate marketing, only to turn it all around by only having their ads displayed on the following countries: \* USA \* Canada \* Australia \* New Zealand \* UK \* South Africa \* Ireland \* And any other countries you think will be profitable to you. Countries that often click but also often dont buy and (hence suck your cash) include: \* India \* The Philippines \* And many more Answers to common questions: Question: Do you start from scratch for newbies? My Response: Yes, infact I included a special segment of 6 lessons (video + notes) for newbies starting from absolute scratch, how to make money from affiliate programs, from how to register a domain name and upload your website to choosing profitable affiliate programs. Question: If I have further questions, after watching your lessons, can you answer them? My Response: Yes, I can help you if you can't find information you need in my lessons. I'm happy to record new video lessons if that's what it takes to get you there. Question: Do you teach me how to find profitable affiliate programs? My Response: Yes, I teach you how to find great affiliate programs that pay well. this site sold \$197
