A challenge to all who think it is impossible to build a great list Finally! . . . An Easy Way for Newbies to Understand List Building, and How Even the Newest Internet Marketer Can Start Building Their Own High-Powered Email List! Heres How To Get Started With List Building The RIGHT Way The First Time. Im So Positive It Will Work, Im Giving You My Unconditional Guarantee! From: Carlos Hennig Re: Confused About List Building? Are you sick of wasting your time trying the same tired techniques? Is your list something that fizzles rather than dazzles? Think you have to rely on someone elses list to get ahead? Think again. You wanna know what the #1 mistake is newbies make when building their list? Ill tell you. Come a little closer. Are you right there? Are you ready? They DONT do their homework. They buy or rent lists from someone that doesnt have a clue what they are doing. The result? Poor, untargeted traffic. Traffic that doesnt move. Traffic that doesnt sizzle. Traffic that doesnt involve people coming to your site with credit card in hand. If you want to make it big, you have to do it right from the very beginning. Times have changed. People arent doing things the way they used to. And if you arent up to date on modern list building secrets, you are going to fall by the wayside as your competitors outpace you. But it doesnt have to be that way. The Secret Behind Great List Building Isnt What You Think Sit back for a moment and imagine opening your email. You casually glance at your opt-in list to see how many people signed up the night before. What do you see? 10, 20 maybe 30 people? How about 3,000 people! You can easily get 3,000 people or more to opt-in to your list overnight if you have the right tools in your tool belt. Do you have the right tools in your tool belt? Heres a secret. If you dont build a list yourself it isnt worth a penny. Why? Because you have no guarantee that the traffic coming to your site is targeted. Those sites that send 100,000 visitors to your site? Worthless. Lets say you want to sell a new brand of letterhead. If 100,000 people come to your site looking for beauty cream, you are S.O.L. How much did you spend for all that traffic? You should have spent that money taking the time to learn what it really takes to build a great list.
