Grab This Amazing Duo Of Squeeze Pages All Setup, Coded, and Ready For You To Upload To Your Websites. Introducing... Dual Squeeze Pages - No Graphics Editing Required! PLUS... Unrestricted PLR Available! To be honest, I think this is the first time you'll see something this simple yet powerful on this forum when it comes to squeeze page design. Squeeze Pages are HOT! If you're not using a squeeze page on your website... you're missing out on a lot of money. We all know that list building is the key... and squeeze pages convert much better than a simple optin box... PERIOD! But like I said, for a professional design that portrays an image of "trust" and "professionalism" it would normally cost you anywhere from \$150 (on the very cheap side) to \$300 plus ... for a squeeze page design that really does an effective job. Now you can grab TWO professionally designed squeeze pages that I've built for the "stupidest", laziest" webmasters in the world to put to good use. No graphics editing at all. wo tweaks to your html and they're ready for your aWeber autoresponder to take over (and if you don't use aweber, it'll take you about 5 minutes to tweak about 5 lines of html with your autoresponder code to have these babies functioning like a charm. The entire page (both pages) created so all you need to do is edit the text and you're ready to go!
