Unmask how to obtain targeted free traffic to any site... The people who know these secrets are quietly siphoning off all the free traffic for themselves while everybody who tries it is left with the scraps! Dear Friend, Are you making profit online now? Do you have a website that is a like a ghost town while everybody gets free traffic like Disney Land? Well traffic is the key to online profit, even if you master everything else then without tons of targeted prospects visiting to your site you are still going to starve there. What if I give you a source of rich free traffic for the taking that people plunder every single day, a seam of gold free traffic which people mine ruthlessly while everybody who tries to use it just hits stone? I bet you already know about using articles to drive free traffic to your site, at least in the traditional sense anyway, and you have even tried submitting a few, only to get lousy results and give up. I am here to end your article misery and give you tap straight into the epicenter of incredible source of biggest free traffic youll ever seen: Introducing Article Cannon Articles have been a great source of sales and free traffic, links and reputation for good, and the best article directories are going from strength to strength (as well as new ones popping up all the time!). What does it gives you? It tells me that article marketing is just as hot now as in the past, and that it is here to stay, oh for sure videos are starting to obtain good free traffic - but everyone and their dog can create a video of that kind and stick it up on those sites, so yours video instantly gets drowned by 100 of others in 10 seconds and nobody ever finds it out. Just Article Cannon allow you to hardwire into the other persons head, as they are reading YOUR article then they start to form opinions about you, they start to see you as an expert, which means by the time they hit your resource box then they already think of you as a person who absolutely knew how help them with the problems they already have! That gives you superb quality plus quantity, targeted free traffic, not just junk free traffic in huge numbers like most people pose about nowadays, I do not care if you get 10000 visitors a day with some spammy tactics and get lots of schoolchildren visiting your site, I want targeted free traffic that converts into sales, I want eyeballs that want to see what I have to offer, not just figures to inflate my site stats so I can then turn around and sell people a course on how I got 10000 visitors a day with some crappy tactics! Traffic is useless unless it is targeted and articles give you red hot targeted

traffic! Here is what you could be learning just minutes from now! There are two totally different ways to get traffic with articles and how to craft the perfect article for each way... The web 2.0 websites you can use to supercharge your articles marketing efforts How to write articles lightning fast and THEN how to increase your productivity by 50 as well... (it is simple but crazy effective!) Imagine that when youll having an tons of articles out there in all the internet corners it gives you funneling streams of unstoppable traffic to your site... Lets face it, getting traffic is hard, I have lost thousands on PPC, been scammed on PPV, I have struggled with SEO, and all the time I ignored the one source of traffic that has always reliably brought me sales and traffic for just 10 minutes of work articles. Writing articles is not sexy, most of the time it is not even fun, but if you want traffic then there are few better things you can do to get it. In fact I talk about how article marketing can not only bring you direct traffic, but can also bring you endless free traffic from the search engines as well! This leaves you free then to start a new site and repeat the process! While people are spending hundreds of dollars a day testing things out in PPC, then you can quietly siphon off traffic they would happily pay \$1, \$2, even \$3 a click for, and you can do it for free! Not to mention that as your articles base grows then youll be getting free traffic from old articles possibly for long years! Not every article sticks, in fact a lot will be duds, but with my secret article marketing system you can drastically cut down the failures and ramp up the winners until you could not stop the flow of free traffic unless you tore down your site! People are submitting articles right now and taking free traffic that could be yours! Think about it, if by reading this guide can get you just 1000 people to visit your sites, do you think you could make one \$27 commission off them to cover the cost of this book? What about if you had 1000 or 10000 articles out there following this method which pump free traffic to your sites? Would it be worth it? I am here to do a business so I cant just give the information away for free, but then this priceless information could help you out so much that I dont want to price it out of peoples reach, so \$12 sounds fair to me, I get a fair pay for my work and you get your hands on some of the best article
