'Jazz Funk Breaks' from Equinox Sounds is a collection of 10 stylish Construction Kits with arranged breaks and turnarounds. With consistency of key and BPM throughout this collection, it offers producers of Breakbeat, Hip Hop, Electric Jazz and other genres a powerful versatility and creative control. These kits are available in ACID/WAV and Apple Loops formats. 'Jazz Funk Breaks' consists of 10 Construction Kits, each kit is provided with the BPM/Key information and presented with a full mix and it's component parts and represents a musical idea or groove to be used as a foundation for a musical work. They can be mixed and matched to form songs, or chopped and screwed for effective, soulful Hip-Hop samples. Each Construction Kit contains a folder featuring the deconstructed drum kit (kick, snare, hat, perc) for a 4-bar groove plus a 1-bar fill (also includes a mixed version of groove and fill) and another folder with the component loops (bass, guitar and a classic Rhodes keyboard). Each filename includes the Construction Kit number, BPM and key information for the loop. These loops can be used together to create complete tracks or they can be used individually to serve as a foundation. Alternatively, you can use these flavours to embellish your existing tracks. This collection is suitable for styles such as Breaks, Funk, Hip-Hop, Jazz, etc...
