

Road To Armageddon - Angela Berquist

[DOWNLOAD HERE](#)

If there were angels on Earth, would they have wings and haloes? How about the devil? Would he be ugly and evil? Probably not. If angels and devil lived on Earth, the unusual sensitivity of evolved beings aside, they would be normal people. Does that mean that that angels are nothing special and that the devil is an evolved being? Maybe. There's nothing like normal life on Earth to take all the horror and allure out of otherworldly beings. In this re-telling of the story of the battle of Armageddon from the perspective of our mundane world, our angels are two young, unemployed women living modestly in New York City, and the devil is a handsome, successful businessman not particularly satisfied with his success, and the battle is about finding meaning in a world that rarely makes sense to them. In fact, it hasn't made sense for many incarnations. All three of them realize that, rather than a terrible and bloody battle, Armageddon is really about an internal battle to bring wisdom to a world that resists wisdom. The devil's battle is made harder because he remembers that he has closed himself to the higher world he once was part of. The Road To Armageddon explores the question, are angels and the devil really enemies? As the story plays out, we see that good and evil are misunderstandings that have imprisoned both angels and devil in a rigid existence where they must remain enemies, even though they long to be together. Thus, Armageddon isn't a war; it's a reunion. Death comes only to the ideas that made it necessary to have a battle between good and evil.
