Atmospheric Dub is a collection of bass heavy, soothing loop arrangements featuring lush, airy synth chords and downtempo drums. Fix-a-Flat has struck a balance of the soaring sounds of ambience and the grounded roots of dub. With consistency of bpm and key among kits, the producer receives a wide range of possibility in mixing and matching loops. This 24 bit collection is available in Apple-Loops (aif) and ACIDized (wav) formats. This collection includes 15 construction kits, each containing an arrangement for: 1 Bass 2 Synth Pads 1 Strings 2 Lead Synths Full Drum Kit (broken into component parts: kick, snare, hat ..) Each CK includes Key/BPM information and comes with 4 Custom Mixes. 1 drum mix for each arrangement as well as 3 version mixes using all of the component loops. Total number of loops: 244 As this collection may be used for a wide variety of musical arrangements, it is a valuable addition to any producers library.
