Dubstep is one of the hottest new genres to emerge this decade with its spine-curdling basslines and intricate intoxicating rhythms continually capturing the crowd's imagination as the scene evolves, and providing a welcome shelter for many genres along the way. "Dubstep Drum Loops" from Prime Loops embraces the movement straight to the core, cutting through genres with a host of extremely creative drums loops a far step away from your average drum/snare/hi-hat drum loops. The drum loops found inside have been optimised to the highest standards and range from hard-hitting, bone-crunching dubstep breaks to sublime sonic digitised percussion loops, sporadic evolving drum beats to dubbed-out master rhythms. If you want to get a feel for the content found inside this unique collection, check out the demo showcase, which contains rhythms made entirely from this sound suite and feature vocals from our best-selling "Rasta Vocal Samples" sample pack. This brand new UK release captures the true essence of the underground dubstep movement, providing you with the solid backdrop needed to instantly drop club-ready beats into the mix for maximum impact every time.
