

Sonne Flash Decompiler

[DOWNLOAD HERE](#)

Sonne Flash Decompiler is designed for anyone who wants to restore elements used in flash files. It is a powerful flash decompiler with the functionality to convert flash files between swf and exe formats and edit SWF movies (dynamic texts, images and more). With Sonne Flash Decompiler, all components including images, sound, action scripts, texts, morphs shapes, frames, morphs, fonts, texts, buttons and sprites can be completely recovered.
