The ocean is in danger. Someone has stolen the massive diamond that gives King Neptune his power to protect the oceans. Now, he has to assemble a team of sea creatures to recover the diamond before the seas go dark forever and the planet slowly dies. The Ocean Protectors soon discover that the future of the earth and ALL living things hinges on more than just returning the diamond. The crew will have to test their own unique skills at every turn to reverse the damage being done to the seas. And Duckey has to set aside his typewriter and face his greatest fear...WATER! When budding journalist Duckey is asked by King Neptune to cover the story of saving the earth's oceans, he ends up doing more than reporting the details. Duckey becomes an important member of the Ocean Protectors themselves. The future of the ocean and the planet is relying on a group of misfits. Duckey and the Ocean Protectors is both a fun-filled adventure and a lesson in discovery as these unlikely heroes each learns about their individual power, worth, and talent.
