From: Edmund Loh & Tracy Yates Today's Date: Friday, August 29, 2008 Dear Digital Product Collector, How would you like to turn your collection of digital products that are now being stashed away at the dark corners of your hard drive... into a series of recurring cash machines that rake in sales like gang busters? If you're anything like most Internet Marketers, you've downloaded a lot of products, especially Resell Rights and Private Label Rights, from many websites you've joined - whether they're free or paid. Solutions in the form of products that promise you will be rich beyond your wildest dreams. And why not? After all, these products give you the luxury of skipping the product development phase so you can jumpstart into the Internet Marketing scene. Right? Well, this is probably not a nice thing to say but I want you to come to terms with nothing but one truth... "The BIGGEST Truth About Most Digital Products You Have Downloaded - Finally Exposed!" Look, if you believe that buying these digital products with Resell Rights and Private Label Rights are going to make you rich without doing any lick of work, then you've been lied to. BIG TIME. Would it make sense if I told you that these products can't make even a dime for you - only unless you know how to make them do so? When I realized that myself some time ago, I wanted to knock my head against the wall so badly. And I realized yet another truth... There Are Actually More Lousy Marketers Than Lousy Products! You see, if you're a lousy marketer, you can't turn the products you have in your hard drive into profits, no matter how good or high quality they are.
