"Here's How To STOP Spending Money On Online Advertising That Doesn't Work & Make Offline Advertising Pay Like Crazy!" Are you tired of wasting money on online advertising that doesn't work most of the time? Are you ready to start putting your hard earned advertising dollars to work in using proven methods that actually work? Would you like to stop spending money on online advertising all together? The Way You Advertise Is About To Change Forever! Your Name Here Dear Friend, Let me warn you before you go any further in this letter. You should fully expect this letter to go directly into the opposite direction of everything you've been told before. That's right, this is NOT you conventional, rehashed common knowledge on how to generate traffic to your website, far from it. In fact, you are going to learn how you can generate loads of traffic to your website without doing any online advertising at all. Impossible? I urge you to read this letter which could be the most business changing letter that you ever read so you can see with your own two eyes the plain and honest truth about online advertising... Advertising Online Can Be Expensive, Risky & Stressful With The Unpredictable Nature Of Internet Advertising... Now, don't worry. You aren't the only one to have dismal results with online advertising. Anyone in business on the Internet or running a website for profit has had failures in their online advertising at one point or another. The truth is, it's getting harder to judge what is going to be successful when purchasing advertising on the Internet now-a-days which means you have to kind of buy advertising "in the dark" This means that you are going to have to wait until the ad starts and watch the results as they come in hoping that your ad purchase produces a profit. Now, some risk goes with all advertising, that's a given but with it now being so unpredictable it's hard to even judge the reliability of an ad month to month on the Internet. Aren't you getting tired of that? Wouldn't you like an advertising method that gives you more control, predictability and profitability consistently every month? This is why you need to... Bring Your Online Advertising Offline! I know, you might be asking yourself "What does this guy mean? Has he lost a few bolts?". Let me explain... There are a few advertising methods that have nothing to do with the Internet that work so incredibly well that it may shock you. But why haven't you heard about them? Simple, the few people who are using these methods are silently making a fortune and they sure don't

want to share their secret with anyone. After I learned this unique strategy for generating cash with my website using nothing but offline advertising, I knew that I had to share it with you. The truth is, there's room for everyone to profit. There is no more profitable thing that you could possibly do for your online business than taking your advertising offline! Can you imagine... How Would You Like To Save 90 When Advertising Your Internet Business Website And Double Or Even Triple Your Response Rates? Sound crazy? I assure you that this is fully possible and happening for people just like you right now. The truth is, the few people that I have shared this with have cancelled almost of all of their online advertising campaigns and gone exclusively to this method. It's that powerful. So you really can save 90 off of your advertising costs. And the great part about this method is that all of the people you are advertising to aren't like the online visitor. They are reading the paper which is a news source so they are much more open to advertising! This means you get a better response and higher conversions! This method is so simple that not only will it shock you it will liberate you from the old way of advertising your website or business once and for all.
