What goes up must come down, it's not only a rap phrase but also a law of nature! But what if we tell you that what goes down will also go up?! No pun intended: With Prime Loops' latest instalment of the insanely popular "Epic Build-Ups & Breakdowns" series virtually anything is possible! From the pop hits of David Guetta, over the trademark trance of Tiesto or Paul van Dyk, all the way to the euphoric dubstep of Nero and Chase & Status: The modern dance music high society doesn't rely on beats alone anymore especially with the poppier side of things, there has to be an intro that sets the mood and breakdowns which let the ravers breathe and raise their arms, waiting for the beats to come back. The 1.5Gb+ of intros and breakdowns contained in this pack are not only epic they are also intricate, multi-layered, mysterious, throbbing, euphorizing, at times outright ecstatic. And to add to the excitement: All elements and selections in "Epic Build-Ups & Breakdowns 2" are 100 royalty free and come locked between 136 and 140Bpm, letting you carelessly create tracks that could be the next global hits. "Epic Build-Ups & Breakdowns 2" provides you with a total of 200+ instrumental loops, over 150 one-shots and 16 full mixes for each and every one of these stunning intros and breakdowns construction kits. All audio files in this pack are laden with modern sound wizardry and musical magic, produced and mastered at 24Bit Quality bringing you a massive arsenal of skilfully constructed, timeless pieces that will make any production shine on the dancefloor!
