Is your competition beating you out of business because they have an ONLINE presence and you dont? If you dont have an e-commerce site by now, its TIME TO MAKE THE LEAP!!! Your Plan B for dealing with the Recession is Creating Your First e-Commerce Site \* Finding your passion when it comes to selling and build a business around something that has always fascinated you \* Setting reasonable goals for yourself to make profits as you design the site \* How to do some market research to find those all important "gaps in the market" so that you can sell to people who are in need and create a demand \* How to look at the planning of your business with a critical and discerning eye so that it succeeds from the start. \* How to tell when you are in a state of being a true business planner rather than just a wishful thinker \* How to assess whether or not your existing business is able to be converted to a business online \* How to create a site based on the skills and interests that you have right now today and make the best use of them possible. \* How to study the competition and make the best use possible of what you can glean from their mistakes and successes on your own website \* How to demonstrate to customers that dealing with you is a much better idea than dealing with your competition \* How to give people a concrete reason to buy from you as opposed to someone else \* How to come up with an incentive or a perk that will also inspire your customers to buy from you \* How to make a long term commitment to your site and honor it every day with professional time saving practices \* How to create a site that can be passed down from generation to generation just like any piece of valuable property! \* How to design a site that is no ordinary fly by night operation, but rather one that keeps making money for you with very little fixing up or maintenance for the next twenty, thirty or even fifty years!
