Dear Marketing Professional, never thought I would reveal this information, but quite simply it's too good to keep all to myself. I had to tell someone. . . And the real beauty is, the market is so huge there's enough room for anyone who reads through this letter to grab a slice of this cash pie for themselves. As professional marketers we both know the virtual real estate market is a young, up-and-coming, e-commerce niche market where budding entrepreneurs all over the world can get an advantage over their competition if they know how! Remember - Only a few years back, domain name selling was one of the hottest trends in the e-commerce market. People rushed in to register as many domain names as they can, turned around and sold them for a fortune; however, the market has matured and tapered off. Although people can still make money in selling off domain names, the market is reacting to the basic law of economics supply and demand. Here's some advice: In today's highly competitive market of the World Wide Web, it's essential to be always one step ahead of the competition! An the hottest and emerging market at present is buying or selling a complete and functional websites. (It's the more profitable 'heir apparent' to domain selling.) Yes! We're talking about the Virtual Real Estate Market However, buying or selling a website is not as simple or uncomplicated as exchanging cash for goods like in the real world. As yet, there is no governing standard or metrics as to how to establish and define the value of any given website in an acceptable manner to both buyer and seller. So wouldnt it be great if there was a complete 'how to' manual you can use to learn about buying and selling websites the right way, (and for MAXIMUM profits) ? Introducing.... Virtual Real Estate Tycoon (The Fast Track To Buying And Selling Websites) Virtual Real Estate Tycoon is a 50+ page PDF course that will guide you through the highly profitable process of buying and selling websites in the virtual real estate marketplace. Any individual

anywhere in the world can do business with others via the world wide web whether you're sitting at home playing with the kids, on vacation with your family, or even stuck in your office It's time to harness this ability and seize the advantage! Important: Whether or not you're planning to buy or sell a website, it's CRITICAL for an entrepreneur to know the market value of his virtual property! Think about it - If you were to buy or sell your website today, 1. how do you measure the value of your website? 2. can you convince your buyer or seller that the valuation is fair? 3. do you know how to protect yourself against unscrupulous buyers? These are only some of the many uncertainties entrepreneurs of the world wide web are faced with when it comes to the Virtual Real Estate Market. It Doesn't Need to be Complicated! If you own a website, it's vital that you fully understand how to buy or sell one because buying and selling are the building blocks of any type of viable business. The problem is most e-business entrepreneurs are lost when it comes to establishing the fair value of a website. You could already be sat on a goldmine and just not know it. In my experience, buying and selling websites is very different from buying and selling established businesses, land, and stocks and bonds. Simply identifying all variables related to a website is not enough; it is only the tip of the iceberg! 1. How do you measure a websites potential income? 2. How do you predict future income? 3. How do you analyze future value in terms of present value? These are only some of the questions that you need to know the answers to crack this business and rake in massive profits . . . With Virtual Real Estate Tycoon it will be easy for you to deal with the technicalities of Pay Per Click (PPC) revenues, earnings from Affiliate Programs, overhead expenses, taxes and other data, all you have to do is input data into the website valuation spreadsheet and voila! a fair and acceptable valuation is available right in front of you! Stay One Step Ahead With Legal Matters: Knowing how to set the valuation however is only half of the equation, especially if you are buying or selling. Protecting your potential investment is paramount because on the web, most of the time, you'll never even meet the other party you are doing business with face-to-face. And that's why I have specifically included the following bonuses: Included inside Virtual Real Estate Tycoon are four documents that you can use as complementary legal agreement tools in signifying: 1. Intent to Buy 2. Non-Disclosure Agreement 3. Terms of Payment 4.
