You dont need to have a physical product, which means it can be easily run by a SINGLE person (meaning no employees to worry about). 2) Freedom to do whatever amount of work you want, whenever you want. Unlike a regular job or business, online businesses can be run from your house...and at any time you choose to work on it. You dont need to clock in, you dont need to worry about being late...and best of all, you dictate when and how much free time you have! Here is just a taste of what you will learn inside this guide.... # Whats the very first thing you should do when beginning your online business? In this chapter, well talk about proper planning. But what exactly should you be looking at? # What in the world is affiliate marketing??? Som people prefer not to deal with any of the normal hassles, such as dealing with customers, fulfilling orders or even having to take payments. Could affiliate marketing be the perfect fit for you? # Once you do decide on a direction, how do you go about taking payments from customers? Well look at 6 popular ways to take payment, and highlight the benefits to each. Do you need your own merchant account, or would a third party solution work fine? # And a lot more!
