Need a sales letter for your product? Interested in Raising Your Conversion Rate Without Paying a Fortune? Don't want to keep on paying exuberant copywriter fees? Would rather not use sales letter generator type software? Want an instant sales letter template for your product? Well stop worrying your little head any more because I have just the solution!! Churn Out Your Very Own Sales Letters, Watch Your Sales Skyrocket, and Never Empty Your Wallet to Do So... If youve tried your hand at internet marketing before, you probably need no introduction to the power of a well crafted sales letter. Unfortunately, there is a very large downside, in the form of the price of a good, or even just decent, sales letter. Are thousand dollar sales letters really worth it? Yes! Increasing your sales rates will directly mean that youll be getting more money in return! But, unless you are confident in every aspect of your marketing effort, already established as a marketer, or have that much money lying around to take on such a large initial outlay, you might be wary about spending so much. Rightfully so! I remember that I balked when I first found out how much it would cost me to get a good sales letter written. However, unless you are willing to spend the time, and money, to learn the ins and outs of copywriting, there is very little in terms of an alternative. Providing a Painlessly Affordable Solution One affordable alternative that many people end up resorting to is that of sales letter templates. If youve tried such templates before, you would undoubtedly have found that they are either: Too specific and lack the customizability to make them best suit your products. Not specific enough and require you to do most of the writing yourself anyway. Ready Made Sales Letters answers these problems by giving you sales letter templates that are specific and yet fully customizable, with available areas and guidelines, so that you end up with a sales letter that is completely tailored for your product! Best of all, it will not cost you an arm and a leg to own these templates! In Just a Few Simple Steps, Your Sales Letters Will be Ready for Use Because each template in this package is pre-customized on a niche-by-niche basis, you wont need to spend hours, or days, rewriting them. Every template already details some of the common problems faced by the niche, as well as provides a stable platform from which you can explain how your product is going to help people overcome them. Armed with these templates, you will be able to: Quickly produce sales letters in a

matter of minutes. Effortlessly customize the specific aspects of each sales letter to best reflect your product. Better keep your customers attention from start to finish. Appeal to potential customers by telling them the benefits that they will receive. Further boost your conversion rates by tweaking around or even split-testing with the included alternative headlines. Use it for any type of product, whether it is a software, eBook, report, or even membership website. Spend less time on the sales letter creation and more time on marketing. Fork out much less money on sales letters that are really out of your budget range. Rest assured that the template will fully suit your niche instead of just being a sketch.
