Are you investing too much time & money and still getting nowhere? theunselfishmarketerAre you wasting too much time looking for your first/next big product idea? If you said yes to any of the above, then read on as we reveal to you how you can save your money and save your time producing your own unique, high-demand Internet marketing and/or niche marketing articles, e-books, audios and videos! You can make money online many different ways - but creating your own unique products that help your customers solve their problems is the fastest way to make money online - and to build a growing cadre of lifetime buyers who purchase from you again & again! What may scare you is you dont know where to start - or you dont know what type of digital product you should create. Well, you can stop worrying because those answers and many more will be apparent to you shortly... The systems shown in this video series are so easy to follow that, even for Internet marketing newbies, and even if youve never created a product in your life, youll walk away knowing how to do just that with this PLR For Newbies video series! This is no mystical, magical secret here... Its all about using existing Private Label Rights Products and making them into your own unique new products. You see, with the current PLR craze going strong online, there are TONS of PLR products coming out each month - PLR products you can convert to your own products - or better yet, expand and modify using your own ideas to make them even better! Using PLR products allows you to start with an existing idea and add onto it so you dont have to spend countless hours banging your head against the wall, racking your brains for a great new product idea. Whether the PLR product is an article, e-book, audios, videos or software, the best part is that you dont have to come up with the idea, you just personalize it, improve it and market it - or even let your affiliates and joint-venture partners market it for you! **THE BIGGEST PLR PROBLEM:**

Lazy or uninformed Internet marketers simply stamp their name on PLR products and immediately start selling them. By doing only that, they're missing out on the full potential of the PLR products - BIG TIME! If your branded PLR product is just the same as 1000s of other peoples out there, then your profits are going to be limited - and you'll end up wondering why your profits aren't anywhere near the level you thought they'd be. There is only a small percentage of Internet marketers that take those extra steps and make more money than the normal resellers... How Do You Join The Small Group Making BIG Profits With PLR? Its Simple. The important factors in creating products that make money online are that they solve a common problem and that they're unique. To put it simply, the answer is to change PLR products so dramatically that they look nothing like the original and have enough features added onto them that they have become much better products than the PLR products you started with. Use PLR products as the mid-point, not the end result. Remember, the biggest bonus to PLR products is that they leapfrog you well past the starting point, providing not only the idea but much of the research and work that go into any unique Internet marketing or niche marketing product to sell online!
