Warning! This Could Seriously Speed Up Your Learning & Success Rate At Warp Speed... "Discover How YOU Too Can Build Your Internet Business At Warp Speed, Shame Your Competitors And Become An Internet Marketing Superstar STARTING TODAY!" DISCLAIMER: This Letter Has Got Absolutely NOTHING To Do With Making Money From Conventional Tactics. The Information Is So Potent Your Competitors Don't Want You To Know! From: [Insert Your Name Here] Date: Dear Professional Marketer, It's a crying shame. How often do you hear of stories where people have spent a few years heading nowhere in the Internet Marketing scene? Hey, that's considered pretty long in the Internet age. Imagine the amount of money you could possibly make and things you could possibly achieve in that time span... or even waste. And what about that infamous statistic that often quote "95 of the people fail in E-Commerce in their first 120 days online?" I am sure that stories like this are no longer uncommon to you by now. Sometimes, it amazes the mind when you begin comparing any two individuals - they may start out with next-to-nothing, or possess the same resources initially. Yet give them a year or two, one of them can be seen making a killing in the Internet Marketing arena while the other withers into obscurity. Vast differences, eh? "Owing To Only Having A Different Mindset." You see, it's not really so much of how you start but how you finish it. In the recent years, there have been recorded and documented success stories of people achieving wealth beyond their dreams. Thanks to the Internet, time isn't exactly a factor anymore. Your attitude does. And it's really a battle between who has the best imaginations and the highest altitude in their attitude. Unfortunately, just watching a top Internet Marketing guru executing his next product launch or scouting out his websites is far from enough. The real "cheese" is in knowing what and how they think. The good news? You can get them all in the mouse click!
