"Find Out NOW How YOU, Too Can Have Your Very Own Instant Collection Of Fresh NEW, Smoking Hot "Viral" Products... without Having To Spend Hundreds Of Dollars Or Weeks Of Writing!" Read On To Learn How You Can DO ABSOLUTELY ANYTHING YOU WANT With SIX (6) Brand Spanking *NEW* Video Products, And Bring In Great Earnings Selling These Products As Your Own! PRICELESS BONUS: When You Reach The End Of This Letter, You Will Also Discover How YOU Can Jump Start Your Way Into Profits With These Products Almost Immediately! From: Insert Your Name Here Date: Friday, October 21, 2011 Dear Friend, You absolutely know that there is much importance placed on having your own product if you want to succeed BIG time... and earn BIG bucks in this industry. One of the absolute advantages of having your own Video Product is that you are able to bring in your earnings instantly rather than wait for somebody else to pay you your affiliate checks, and only a very small percentage of the sale on top of that. Additionally if you have your own products you are able to have FULL rights and FULL flexibility, giving you the license to decide your own profit potential and what you will do with the product. Which is perfect, of course, because besides all of this you may also brand yourself in the process. If you choose to, you can even publish the products offline, too, simply by transferring the videos to disc - which will blow up your income further. "And Here Are Even More Reasons Why You Should Have Your Very Own Video Product..." You can promote more than one thing of your choice from your own Video Product, like a One Time Offer, back-end offers, and affiliate links within the product. Because you own the full rights to your own Video(s), you can offer a "special" version and either charge a smaller price for those who can't afford a larger investment, or even give it away as a "bonus" and build your opt-in mailing list. You may as well offer the product in your own paid membership site or as a bonus to another product you are promoting. You may as well bring in more cash by selling the Resell Rights or Private Label Rights to your product, And so much more! These are some suggestions but you get the idea. As you can see, having your own Video Product or line of Video Products is one of the Smartest choices you can ever make in your Marketing career! "But There's An Issue..." ... and you'll recognize it as product development or product creation. However, selling your own Video Product is too

lucrative to pass up just because this sounds scary. So let's evaluate what your options are: Option #1: Make Your Video Product(s) You know that coming up with your own Video Product requires crazy amounts of skill, expertise, niche marketing research, and knowledge on your part on how viral videos work. And if you don't have all this or you absolutely detest it, you will do well to skip this option. Option #2: Employ A Multi-media Specialist People think this is the "secret weapon" of gurus. Employing multi-media specialists may be one of your best options... only if you can foot the huge bill. And if you don't have at least a few hundred bucks lying around to trust someone else to do the video production for you, you will have to skip this option too. Option #3: Buy PLR To Assemble Products This can be a good and fast way to have instant products to resell and pocket 100 of the profits. The downside, however, is that you don't own the product. In other words, you can only do so much with the product as the ultimate copyright holder is the product author. "And If None Of The First 3 Options Work For You, Then..." ... may I suggest that you drop your video product development worries and get your hands on...
