

# Wp Warm Up - Setup Wordpress Easily (with )

[DOWNLOAD HERE](#)

Announcing The Brand New, 13 Part, Step By Step Video Course Finally, Discover How You Too Can Quickly and Easily Setup and Run Your Wordpress Blog Without The Worries Of Not Knowing Where To Start...Starting Today! Too Many Courses Presume You Already Know the Wordpress Basics. This Is Your Missing Link To Creating and Maintaining Your Wordpress Blog or Website. Video #1 - Introduction to Wordpress In this video, you will be given an overview of how to setup and use a wordpress blog effectively for your goals. Youll also be given a quick overview of what youll be learning, in the rest of this video series, so you can speed the process of setting up your wordpress blog faster. Video #2 - Getting Things Ready Before you install wordpress, there are a few things you need to do to get things ready. Well discuss those things and you can watch over my shoulder step by step and click by click how to do it. Its really not that hard and a non technical savvy person can understand the process easily. Video #3 - 3 Step Installation Using Fantastico In this video, you will learn how to install Fantastico using a 3 step installation. This process literally takes less than 3 steps, however only works if you use web hosting that uses the Cpanel platform. However if your web hosting company doesnt use Cpanel, dont fret, weve got you covered, read on... Video #4 - How To Manually Install Wordpress If your web hosting company doesnt use Cpanel, but instead using their own proprietary hosting system, then in this video, you will learn how to install Wordpress manually. But dont worry, I will show you click by click how to do this and Ill walk you through the whole process. Its not as hard as you would think. Video #5 - Dashboard Walkthrough Once you have installed Wordpress on your domain name, Id like you to have a quick walkthrough of the administrator dashboard. This dashboard allows you to control your Wordpress blog or website easily, but often it can be cluttered and hard to understand if you havent used it before. Before we talk about how to use the other parts of Wordpress in detail, I want to give you a quick tour of the inside so you know what to expect. Video #6 - Themes Want a professional looking website without having to know web design code? Wordpress Themes are easy to find and install. There are thousands of free wordpress themes out on the internet, and you will learn in this video how to find them. Video #7 - Plugins Plugins are applications that attach to the Wordpress system and allow you to create forms, add

slideshows, customize your website with many add-ons that make things more user friendly for your viewers and readers. In this video, you will learn how to find plugins, how to separate good ones and bad ones, and most importantly how to install the plugins onto your website. Dont worry, it is very easy and youll be amazed how quickly and easily you can install several plugins within less than a few minutes.

Video #8 - SEO Optimize Your Blog Before you add any content, it would be wise to optimize your blog for SEO. In this video, you will learn how to make your blog search engine friendly to Google and other search engines. Doing so will allow search engines to come to your site and know exactly what your site is all about. By doing this simple step, you make ranking your website in the search engines easier. In this video, you will learn how to do that.

Video #9 - Categories, Links, and more Want to know how to add categories and links to your wordpress blog to the sidebar? In this video you will learn how to to go about doing just that. Categories as you know give you the ability to separate content and also make it user friendly for not just your viewers, but for the search engines as well. You will learn how to do just that in this video.

Video #10 - Widgets Widgets? What are those? Widgets are part of the Wordpress system and if you know how to use these, you can customize your website or blog quickly and easily. Let me give you an example here. If you look at a wordpress website or blog, parts of it are widgetized, meaning you can add things to it easily and they are easily customizable. The sidebar which is located on the right hand side is a good example of an area that is widgetized. You can often take plugins, for example a slideshow and drag and drop it into a widgetized area. In this video you will learn more on that.

Video #11 - Blog Posts Now that you have your wordpress site up and running, it is time to add some content. In this video you will learn how to create blog posts. Posts allow you to add content to your Wordpress site or blog. Its as simple as that.

Video #12 - Uploading Images to Your Post Would you like to know how to add images to your post? Adding images make your blog posts interesting, especially because not everyone is a textual learning. In this video you will be able to see how easy it is to add images to your wordpress blog posts.

Video #13 - Add Video Would you like to know how to add video to your blog posts? There are several avenues to doing this, however in this video you will learn the easy way to adding video to your posts.
