1957- Seascale, the North of England. Cirxus; an old English circus lost in the shadows of the smoke stacks of Calder Hall, the world's first commercial nuclear power station. Step into the world of Cirxus, explore its sideshows and meet extraordinary characters from the past and future. Athalia the ballerina waits in the ring for Loudon the clown to return with directions to the Black Pool, the mythic site of the home sweet home, the final show of the season. Join her as she begins a bizarre and wondrous search for Loudon through the irradiated secrets of Cirxus, where she must face the macabre atomic menagerie, haunted by circus animals and navigate her way through the maze of strange, hallucinogenic sideshows to the other side of time. Immerse yourself in the world of Cirxus, where theatric arcana and atomic fallout irradiate the sawdust arenas of our inner worlds. Cirxus is the first script of an immersive theatrical event to be published in the world and the first work to be published from FoolishPeople's back catalogue. Each copy includes concept art by P. Emerson Williams, alongside a photographic record from the first run of Cirxus at the Arcola theatre in 2009. Cirxus defies genre and form and offers a literary experience like no other. A combination of hallucinogenic novel and blueprint to a physical experience.
