Discover Secret Email Marketing Methods And Uncover How to Make An Absolute Killing With Email Marketing! Friday, June 12, 2009 Dear Friend, Despite what you may have heard, email marketing is not dead... and you're going to discover every single step you need to take to effectively adapt to marketing with email and autoresponders. The great news is you'll be spoon fed tips you must know, strategies you must use, secret methods you must apply and lethal mistakes you must avoid. I suggest you refrain from sending another email... even just one, until you dig deep into this valuable information... because it will make or break you! Even if you take nothing else away from this letter, take this... A good friend of mine once told me... It Takes Any Prospect You're Targeting An Average Of 7 Times Before They Finally "Tune In" To Your Sales Message... But It Can Take As Many As 13! But that doesn't mean you have to generate seven times more traffic, or submit your link to seven times the amount of directories... it simply means you have to follow up your prospects at seven more intervals for them to finally "tune in" and buy from you. Everyone knows this of course - and if you didn't, you'll need to. That fact alone may give you an insight into why your current marketing isn't working... ...And That's One Of The Reasons That Drove You Here In The First Place, Out Of Desperation For More Time, More Money, And Brighter Success! Listen and think about this for just a second. You're an internet entrepreneur, so focus on one thing and leave the email marketing to a useful tool. You're probably new to this whole thing, and that's why I am going to teach you the ins and outs of everything you will ever need to know to take advantage of making a killing with email marketing, and tell you everything you must know to make a "killing" with email in this new year.
