'RnB Chart Toppers' is taking the charts by storm with a brand new collection of cutting-edge RnB Construction Kits from Smash Up The Studio. This pack has a highly contemporary and polished sound and is perfect for hit-making Urban producers who still like to inject real musical quality into their mixes. This collection focuses on the latest RnB chart sounds and contains eight ready-to-mix Construction Kits. Each Kit contains all the elements and building blocks needed to create a hit record. Punchy beats, deep basses, pianos, strings, Rhodes, pads, guitars and vintage analogue and digital synths. Each Kit comes with a full reference mix, plus all the keyboard and drum parts broken out into separate loops for the user to arrange and mix to their own requirements. As well as 24-Bit WAV and Apple Loops, Smash Up The Studio have also included MIDI loops for all the keyboard parts, to give the user ultimate flexibility and the means to stamp their own identity on each track. This product has been recorded at their state-of-the-art studio by a top engineer and delivers that super clean pro sound, ready to mix. The loops have been treated with some basic EQ and compression for ultra fatness and punch but have been deliberately left flat with no effects so the user can apply their own creative vibe in the mix. Please note that some of the instrument loops have not been snipped at the end of the bar to allow for the natural decay and ambience of the sound. All kits are key and tempo-labelled and loops range between 4 and 16 bars in length. Produced by Steve Burton for Smash Up The Studio. Content: - 8 Construction Kits - Pack size (unzipped) 558.5 MB Formats: - 24-Bit WAV - 24-Bit Apple Loops - MIDI About The Performer: Steve Burton is a session keyboardist, songwriter and producer based in London. His work has covered many genres, from R&B, House, Pop and Jazz through to Film and Soundtrack.
