

Oud Tutor

[DOWNLOAD HERE](#)

The Oud Tutor is an oud simulator program. It enables you to learn how to play a song by playing the sound, and in the same time, animating the corresponding fingerings on the oud fingerboard. The Oud Tutor supports middle-eastern and Arabic music via providing 1/4 tones and allowing maqam selection. It also allows you to play the oud yourself using the mouse or the keyboard, with full microtone capability.
