\*NEW!\* Instant Article Suite Software Makes Your Content Achieve 90 Up To 100 Uniqueness Instant Article Suite Instant Article Suite Software Makes Your Content Achieve 90 Up To 100 Uniqueness In A Few Clicks! You WONT have to worry about duplicate content all the time when you are going to submit these super articles to build backlinks. Using My 'Tips Approach' Solution... IAS Software Makes Your Content Achieve 90 Up To 100 Uniqueness In A Few Clicks! Want Proof? Watch The Video Below... Instant Article Suite Check The Honest Reviews From Reputable Marketers! testimonials I normally HATE writing long sales letters but for this one... You deserve an explanation and I'm going to spill the beans right here, so bear with me as this will help you a lot in your business! There's a very structured approach to always get a 100 uniqueness when you are writing and spinning content. Combined with this small piece of technology (IAS), duplicate content will NEVER be an issue if you follow the instructions that I'll be providing you in this WSO. You see, apart from trading in the IM niche, I also own many niche content sites (close to 200 sites) which are making me a decent income from adsense and affiliate marketing every month. So, as you probably know to handle content sites like these, you need to spend a lot of money on writers to get them to write fresh and unique articles every time... Whether it's for my own sites or to build backlinks by submitting these spin content to other places. Added to this with the new Google Farmer Update, Google is hitting HARD on those duplicate content sites. So, if you were used to spin content at 30-50 uniqueness, it's still NOT enough. Sooner or later, google will track down those articles and your backlinks won't count. The BIG Failures With The Traditional Way Of Spinning Content Let's face it, the traditional way of spinning content has MANY failures. Whether you use the best spinning software on the market or not, there will always be footprints to track down all your spun articles if ever you are going to use them to build backlinks. These footprints can be: (1) Your site url (2) The structure of the article (3) The same idea behind each spun paragraph And many more... Look, let's not fool ourselves... If YOU can easily notice the similarities, why would google not able to do so? But listen... I've the solution to all these problems... What's The Solution? Watch this... YES... I call this the TIPS

APPROACH... What is this all about? The idea is VERY simple... Instead of writing articles the traditional way, we build up a database of tips based on the niche topic. The beauty of using the "tips approach" is that each tip can stand alone and there's no need for a continuous flow in the article, yet the article will still be of very high quality. Once the database of tips is built, you get the writers to spin the content the traditional way. Now, here's the little twist that I'm adding... Once the content is spun, we add this to a module in the Instant Article Suite software, which is called The Shuffler and guess what... All the tips are shuffled in random order to create unique content all the time. There's also an advanced module inside the shuffler where it groups together many paragraphs to build a SUPER ARTICLE which has been spun at an EXTREMELY high level. This was demonstrated in the video above. And now think about it for a moment... If you apply my strategy, you WON'T need to continuously spend a lot of money on writers in the long run. You WON'T have to worry about duplicate content all the time when you are going to submit these super articles to build backlinks. Do you see how a SIMPLE idea solve all these frustrations? We are not re-inventing the wheel... we are just adding a little twist to those things that we are already doing to make it even more effective.
