Written in the language of the period, this vivid and utterly transfixing love story between two men is set in the nineteenth-century American Midwest. Douglas Fortescue is a successful poet in England who flees the country for America following an Oscar Wilde-like scandal insinuating sexual impropriety; Joshua Jenkyns is a feral young outlaw who was taught how to shoot a man at age six, and who, against the wishes of his father, teaches himself how to read, a skill that then unleashes a world of possibility beyond that which he knows. The two men meet when Joshua robs Douglas's carriage and takes him hostage; soon, a remarkable secret is revealed, and these two very different men grow closer, even as Douglas's brother tries to ""save"" him from his uncivilized surroundings. Missouri was first published in Germany to wide acclaim. Now available in English for the first time, Missouri is destined to become a gay men's camp classic for its earnest, romantic reinterpretation of a time and place in American history traditionally closed off to gay readers.
